TA EXPERIENCE

- ELEC 2100, spring 2016
 - Signals and Systems
- SISP 1303 (summer camp), summer 2016
 - Intelligent Sensing Technologies
- ELEC 3400, fall 2016
 - Introduction to Integrated Circuits and Systems
- ELEC 4430, spring 2017
 - Integrated Power Electronics

TA DUTY

- Serving as TA is **compulsory**
- However...
- **Everyone** has something to **teach** and everyone has something to **learn**
- So go for a teaching as well as learning safari

TEACHING SAFARI

- **YOUR EXPERTISE** is **necessary but not sufficient** for you to be a good TA
- Choose a course you **like** and **have** already taken
- or even better...
- The course matches your **research** interest
- **YOUR DEVOTION** is also appreciated

LEARNING SAFARI

- Some **teaching / presenting skills** you could learn (TA training workshops following)
- Instead of pale explanation...
- Demonstrate, gesture, interact, visualize, elicit...
- This greatly benefits your **research presentation** in the future

ANECDOTE

- Keep to be **open-minded**
- **Invitation of classroom observation**
 1. Miss Elaine WONG (CEI) and Miss Liwen JING (TAC)
 2. Pre-observation & Post-observation
- **Diversity** brings **prosperity** to you

DANCE IN CHAINS

- Duty !

- Engagement !

- Duty !!

- Teaching and learning safari !!

- Duty !!!

- "win-win" !!!

Thanks!
